MENARD HONORED BY BRISTOL COUNTY TEACHERS
Organization Recognizes Senator's Commitment To Education

BOSTON – The Bristol County Educators Association (B.C.E.A) honored Senator Joan M. Menard (D-Fall River) at its annual Teacher Recognition Banquet, presenting her with the 'Bristol County Friend of Education' award Thursday night at the Venus De Milo restaurant in Swansea.

"I am very honored to have received this award" Menard said following the ceremony. "Being a teacher in Bristol County for many years myself, I have always been and will continue to be a staunch advocate in the Senate for teachers and education throughout the Commonwealth."

The award is bestowed annually to the person in Bristol County outside of teaching who exemplifies continued and unwavering support of educators and education.
